CAREER OBJECTIVE

An Artificial Intelligence & Data Science undergraduate specializing in AI backend architecture, cloud-native application deployment and full-stack software engineering. Looking to contribute to a forward-thinking team where I can contribute immediate value while further developing my expertise within my domain.

TECHNICAL SKILLS

Languages & Frameworks	Python, SQL, HTML/CSS, Flask, NLP
Libraries	FastAPI, PyTorch, NumPy, Pandas, Scikit-learn, Google JAX
Developer Tools & DevOps	Git, GitHub, Docker, CI/CD Concepts, VS Code, Kaggle, Antigravity
Cloud & Databases	Google Cloud Platform (GCP), Cloud Run, Supabase, SQLAlchemy, JSON(Basic)

INTERNSHIP EXPERIENCE

AI Engineering Intern

Centre for AI

November 2025 – January 2026

Rajalakshmi Institute of Technology, Chennai

- Developed intelligent AI backend systems which achieved upto 94% accuracy.
- Developed SkillOne that generated prerequisite-aware learning path using Knowledge Graphs, React for Frontend, and Hugging Face Spaces .

ACADEMIC PROJECTS

SkillOne: Personalized AI Learning Path Generator. Developed a full-stack personalized learning SaaS platform that dynamically constructs prerequisite-aware educational maps. Achieved **93% accuracy** in coherence logic and course recommendation pipelines. ([Try it here](#))

Path2Poll: Cloud-Native AI Election Assistant Engineered and deployed a live, multi-region web application on **GCP Cloud Run** to streamline complex voter navigation. Architected verification pipelines integrating public APIs (including **ECI, NVSP and Google Civic API**) with LLMs to deliver real-time, location-aware election schedules with **99% system uptime**. ([Try it here](#))

EDUCATION

B.Tech Artificial Intelligence & Data Science, Rajalakshmi Institute of Technology
Anna University (Autonomous)

Expected 2027

Class XII (CBSE), Everwin Vidhyashram, Chennai
Percentage: 83.0%

2022 – 2023

Class X (CBSE), Everwin Vidhyashram, Chennai
Percentage: 70.40%

2020 – 2021

CERTIFICATION

- Generative AI for Software Development Professional Certificate – DeepLearning.AI (Mar 2026)
- Building AI Agents with MCP and Open-Source Inference – AMD AI Academy (Feb 2026)
- Identity and Access Management with Microsoft Entra – Microsoft Applied Skills (Oct 2025)

ACHIEVEMENTS

- Published an IEEE conference paper: *ReSage AI: An AI-Enhanced Resume Screening Framework with Intelligent Content Scoring and Suggestive Feedback Mechanism* at ICRTEECT25 held on October 2025
- Secured consecutive top 400 ranking in Google PromptWars: Virtual
